Re: Cancellation of Field
Memoranda

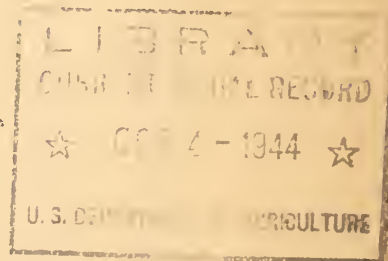

August 14, 1944

TO ALL RANKING FIELD OFFICERS

On the reverse side of this sheet is a numerical list of field memoranda that are cancelled as of the above date. The instructions contained in these memoranda have been covered by information in the Soil Conservation Service Manual or the division handbooks, and the balance have become obsolete. Offices maintaining complete sets of field memoranda should have appropriate notations made of these cancellations. No further issuance of the memoranda on this list should be made.
